HOW HAS THE PANDEMIC AFFECTED YOUR HEALTH AND WELL-BEING? Researchers at the EPID@Work Research Institute at Lakehead University are exploring the effects of the COVID-19 pandemic on the health and well-being of educators. They are recruiting Yukon educators to share their experiences during a one-on-one interview. Interested participants are asked to complete a short 1-minute survey. Those selected for interviews will be contacted by the research team and provided a \$50 honorarium for their time. Anonymity and confidentiality will be maintained at all times. To access the recruitment survey, please visit bit.ly/YukonEducators.
